Mr. Keith Hall  
Select Committee on  
Intelligence, Staff  
United States Senate  
Washington, D.C. 20510

Keith,

This letter will update you on our plans to use \$80,000 from the construction funds for our New Headquarters Building to commission and install a statue in honor of General William Donovan, the founder of the OSS and one of the leading figures in the history of US intelligence.

Following a competition among several sculptors, the Agency's Fine Arts Commission has accepted a bid from Larry Ludtke of Houston, Texas, to design, complete, and install a statue of General Donovan on Agency grounds. The funds involved represent a small portion of those available under ISA regulations to cover art and decoration within a project construction funds. We expect installation to be completed in late 1988.

Please let me know if you need any further information on this matter.

Sincerely,

Daniel A. Childs, Jr.  
Comptroller
